

We only have one more week!

Can you help the Driver's License for All Amendment by taking action every day until a decision is made?

Your community needs you to raise your voice now more than ever! This is the final stretch - we only have until the end of the Minnesota legislative session, Monday, May 18th, to pass this important Amendment! Please commit to supporting the Driver's License for All Amendment by contacting our champions at the Capitol once a day, every day this week!

We need the Driver's License for All Amendment to be a priority in the Transportation Omnibus Bill, which is being negotiated in a Conference Committee this week before being sent to the Governor for signature. This Amendment would allow undocumented drivers the ability to apply for driving privileges regardless of immigration status, making Minnesota the 11th state to pass similar legislation. There is broad support in favor of Driver's Licenses for All from the [business community](#) and [law enforcement](#).
